Alkerden Hub

A new community building is being planned for your neighbourhood.

We invite you to find out more and to give us your feedback.

What's happening?

Alkerden Hub is the new major community hub for the whole of Ebbsfleet Garden City, situated in the heart of **Alkerden Market Centre at Whitecliffe**. It will provide a range of facilities including a Life Long Learning Centre, library, health facilities, performance spaces and a faith centre.

Landowner Henley Camland is working in partnership with Ebbsfleet Development Corporation and wants your help to understand what kind of facilities you need as a local or prospective resident. Your feedback will help us co-locate community and cultural facilities and give us the opportunity to create a vibrant and sustainable building that will support the growing community and meet local need.
