

WHITECLIFFE

PUBLIC CONSULTATION WORKSHOP

MAJOR URBAN PARK

AT WHITECLIFFE

Running through the centre of Whitecliffe is the proposed Major Urban Park, which will provide a central public space for the residents of Ebbsfleet Garden City.

PUBLIC CONSULTATION WORKSHOP

Monday 10 July | 12pm - 6pm

Castle Hill Community Centre

The Major Urban Park team will also be in attendance at Fusion Festival on 8 July

Central to the engagement strategy for the Major Urban Park is the theme of co-design, whereby individuals, communities and local groups are empowered to actively engage in the design process.

On Monday 10 July, the design and applicant team will set up a forum for residents and the local community to provide feedback on design options and workshop proposals with the team to ensure their views, needs and aspirations are met. There will also be some fun activities for the children to get involved in.
